Introduction:

Welcome to the presentation on Idea Hero, an innovative solution designed to bridge the gap between creativity and opportunity. In today's fast-paced world, the ability to share and develop ideas collaboratively is more important than ever. This platform aims to provide a supportive environment where users can not only share their project ideas but also receive valuable feedback, seek collaboration, and connect with potential investors.

Our platform targets three main user groups:

1. **Admins:** Who oversee and manage all aspects of the platform to ensure smooth operation.
2. **Regular Users:** Who can share their innovative ideas, request collaboration, and provide feedback on other users' ideas.
3. **Investors/Opportunity Seekers:** Who can browse through shared ideas and offer investments or job opportunities to promising projects.
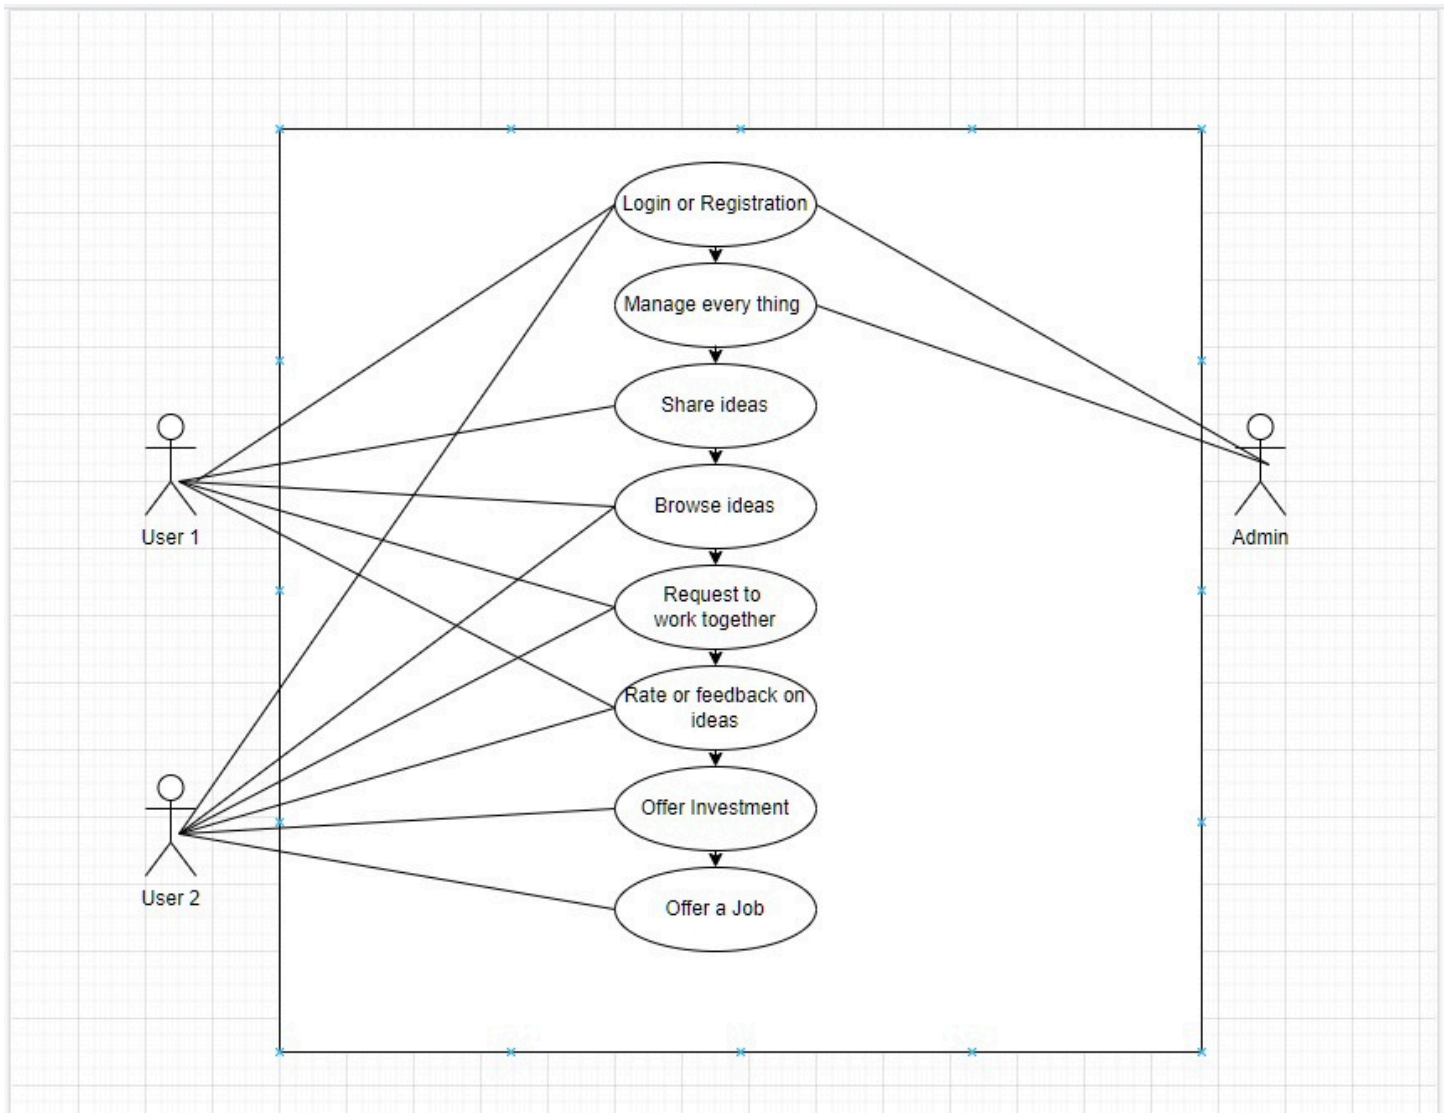

Needed Content:

Design

• Figmaa

Implementation

• Html

• Css

• JavaScript

• PHP

• XAMPP Server

Use Cases:

- Submit Idea
- View Ideas
- Rate Idea
- Comment on Idea
- Request Collaboration
- Browse Ideas
- Offer Investment
- Offer Job Opportunity
- Manage Users (Admin)
- Manage Ideas (Admin)

- Manage Comments (Admin)
- Manage Collaboration Requests (Admin)

Key Components and Modules:

- **User Management Module:**
  - Admins: Manage users, ideas, comments, and collaboration requests.
  - Regular Users: Submit ideas, request collaborations, rate, and comment on ideas.
  - Investors/Opportunity Seekers: Browse ideas, offer investments, and job opportunities.
- **Idea Management Module:**
  - Idea Submission: Users can post their ideas with detailed descriptions and attachments.
  - Idea Browsing: Users can search and filter ideas based on categories and keywords.
  - Idea Rating: Users can rate ideas based on creativity, feasibility, and impact.
- **Collaboration Module:**
  - Commenting System: Users can leave feedback and suggestions on ideas.
  - Collaboration Requests: Users can request to work together on projects.

- Notification System: Users receive updates on comments, ratings, and collaboration requests.
- **Investment/Opportunity Module:**
  - Investment Offers: Investors can offer funding for promising ideas.
  - Job Opportunities: Companies can post job openings related to specific ideas.
- **Security and Privacy Module:**
  - User Authentication: Secure login and registration processes.
  - Data Encryption: Protects user data and communications.
  - Access Control: Defines different access levels for admins, regular users, and investors.

Project Overview:

- Description: Idea Hero is an online platform that allows users to share their project ideas, collaborate with others, and seek investments or job opportunities.
- Target Audience: Innovators, investors, job seekers, and collaborators.
